

Covering & Surrounding  
Problem 2.1 Triangles on Grids

Name: \_\_\_\_\_  
Hour: \_\_\_\_\_

The area of the square is:

The perimeter of the square is:

The area of each triangle is:

The perimeter of each triangle is:

What is the measurement of the diagonal? \_\_\_\_\_

Thus, the perimeter of the triangles is: \_\_\_\_\_

## Measuring Triangles

Polygon: \_\_\_\_\_

\_\_\_\_\_

Example:

Vertex: \_\_\_\_\_

\_\_\_\_\_

Example:

Right Angle: \_\_\_\_\_

\_\_\_\_\_

Example:

Perpendicular Lines: \_\_\_\_\_

\_\_\_\_\_

Example:

Base: \_\_\_\_\_

Example:

Height: \_\_\_\_\_

\_\_\_\_\_

Example:
